

1. On the map, plot the course of the expedition up the Missouri for 1804 (pick a color and fill it in on the map legend)

Also, note the approximate location of 4-6 significant events from the Tweets that relate to the 4 goals of the expedition (1 at least for each goal), use the same color as the one for the 1804 path.

2. On the map, plot the course of the expedition up the Missouri, over the Rockies and down the Columbia for 1805 (pick a color and fill it in on the map legend)

Also, note the approximate location of 4-6 significant events from the Tweets that relate to the 4 goals of the expedition (1 at least for each goal), use the same color as the one for the 1805 path.

3. On the map, plot the course of the expedition up the Columbia, over the Rockies and down the Missouri for 1806 (included both routes of Lewis and Clark) (pick a color and fill it in on the map legend)

Also, note the approximate location of 4-6 significant events from the Tweets that relate to the 4 goals of the expedition (1 at least for each goal), use the same color as the one for the 1806 path.
